

How to Participate in the Remote Access Program

Remote Access Program - MARCH 2020

1. Create an account at edX.org using your **university email address**. If you already have an edX account, you can update your email address by following these [steps](#).
2. Select your **course** from [participating partner institutions](#).
3. Click **Enroll**
4. Click **Pursue a Verified Certificate**

5. Enter your unique code in the **Add coupon code** field
6. Click **Apply**, then **Place Order** (you do not need to enter Billing Information). **REMINDER:** You must have your university email associated with your edX account or the coupon will not work. (See: [How do I change my email address?](#))

Please note: You must verify your You're now enrolled! You can now find your course on your identify to receive your certificate at the end dashboard of the course. This must be done by the course's verification deadline. This can be done via your dashboard and will require a government issue ID and a webcam. For more details, see here. **Coupons expire July 1, 2020, you must enroll in your course before then.**
